Monthly Report (November)

- Yash Parmar (180020030)

Projects: -

Throughout this period (1st Nov – 26th Nov), I have been assigned with multiple projects to work on which are: -

1) "group_path" SDC reading slow.
2) Runtime-issue in one testcase.

Description: -

Both the above issues are runtime issue.

Did lots of experiments and profiling to decrease the runtime. Investigated profiling data to find out bottleneck function.
